

Limanowskiego 6/21, 30-534 Krakow

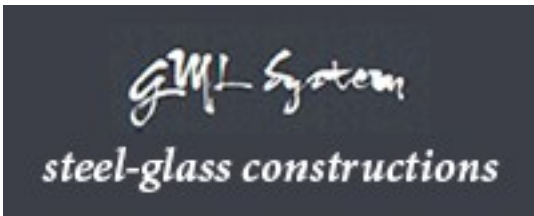

## Offer for Balustrades

This offer contains proposals of balustrades taken from our real life realizations and has been created to facilitate selection process as an addition to our offer presented in the galleries for balustrades, balconies and terraces.

The solutions presented are grouped depending on:

1. material and technology used, for example steel of different types or glass balustrade,
2. location in a building, internal or external,
3. type of location in general, for example staircase or balcony / terrace.
